

Transport

The transport costs below (4 & 5) are **purely indicative** to give you, the buyer, an idea of the price needed to get your favourite and unique piece to you. The exact transport price will depend on the size and weight of the piece you bought and is therefore **always custom-made**. For each item, we will provide you with a detailed and tailor-made transport quote within 3 working days.

If you are not based in Europe (**UK, Switzerland, all other continents**), all transport to your country is export. On top of the transport cost, you will have to pay for custom clearance (175 euro), the creation of export documents (40 Euro) and VAT which varies from one country to another.
